Group Benefits for BC Funeral Association

BC Funeral Association and CapriCMW have come together to manage and sponsor a group benefits plan managed by the elected insurance carrier, Simply Benefits. After careful consideration and a thorough review of the different insurance carrier options, Simply Benefits was the chosen partner. Simply Benefits is a flexible platform designed with simplicity in mind for the end user, and because of this they are the ideal partner for an association program, that can offer choice to the member firms.

Key Program Features

- **100% digital platform!** Eliminating paper applications and manual plan enrollment means you can save time and focus on what you do best. Time is money and you'll spend less time on benefits administration. *Paper available if required.*
- **No lead time for new enrols!** What does this mean? When an eligible employee enrolls in the plan, they are live right away. With all other carriers there is a 2 – 5 business day turnover to have the enrollment processed.
- **Digital cards and digital plan summary live on your mobile app.** Plan members can access coverage that is written in plain English (not insurance lingo). Plan members can even search and receive feedback from an artificial intelligence system that recommends services based on your coverage (e.g. "I hurt my back", and the app may recommend seeing a physio and how much coverage you have).
- **Simple online and mobile experience for users.** The Simply Benefits website and mobile app is far and away the most intuitive in terms of finding what you need and making claims.
- **White labeling** – Website and mobile app are completely tailored to the BC Funeral Association.
- **Comprehensive and Enhanced Plan Designs to suit your budget.** Our competitive rates ensure that single employees, employees with one dependent and employees with two plus dependents are assigned fair and appropriate pricing.
- Additional unique programs are built into this offering.
